

DATA DASHBOARDS

In Arizona, many organizations support data-driven awareness by providing dashboards and data sets to monitor trends, identify risk factors, and inform policy and community initiatives.

ARIZONA DATA-DRIVEN RESOURCES

1. Arizona Department of Health Services (ADHS) - Opioid Epidemic Dashboard

Tracks opioid-related hospitalizations, deaths, and naloxone administration across Arizona.

[AZDHS.GOV/OPIOID/DASHBOARDS](https://azdhs.gov/opioid/dashboards)
2. Arizona Criminal Justice Commission (ACJC) - Arizona Youth Survey (AYS)

Focuses on the behaviors, attitudes, and perceptions of youth regarding drugs, e-cigarettes, alcohol, and violence.

[AZCJC.GOV/DATA/ARIZONA-YOUTH-SURVEY](https://azcjc.gov/data/arizona-youth-survey)
3. EPI Data Center (AHCCCS & Arizona State University) - Customized Data Analysis Tools

Focuses on behavioral and public health trends.
